

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
1. Log on to MS Access	15	Creating a data base in Ms Access
2.inserting charts and pictures in excel	12	How to save and close a data base in Ms access
3.excel as a data base	12	How to create charts in Ms excel
4.number system	12	How to insert pictures in Ms excel
5.Graphics in qab64	08	How to use excel file in data base
6.conditional and looping statements in qb64	12	Different programmes in Q.basic
PWT1 includes		
1..log on to MS Access		
2.inserting charts and pictures in excel		
3.excel as a data base		
4.number system		

T2 SYLLABUS

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
1.working with flash cs6	12	How to edit and scale objects
2.layers in flash cs6	15	How to create linear and radial gradient in flash cs6
3.understanding HTML	15	How to lock and unlock layers
4.computer virus	10	Creating an animation using onion skin Creating an HTML document
PWT2 includes		
1.working with flash cs6		
2.layers in flash cs6		

T1 SYLLABUS

Subject:- English

PWT1	No. of periods	Subject Enrichment Activity / Practical
1.The eyes have it		Enrichment of vocabulary
2.The cookie thief		Formation of word book
3. For Athletes		Dictation of seen passage
4. Living out of a Suitcase		
5.World Peace		
GRAMMAR.		Writing a diary entry

Modals and their functions Clauses and its types Conjunctions and its types Compound words		
TERM 1 1. Do it anyway 2. Angel child Dragon child GRAMMAR. Modals and their functions Compound words		

T2 SYLLABUS

PWT2	No. of periods	Subject Enrichment Activity / Practical
1. Her laughter said it all 2. A gift of love 3. To the skies and beyond Grammar Letter writing (Formal) Sentence (simple /complex/compounds) Phrases and its types Notice writing Essay writing		Post card making Debate competition Project. Make a project of famous Indian disable person
TERM 2ND 1. Post card from URA 2. The TRIUMP Grammar Letter writing (Formal) Phrases and its types		

T1 SYLLABUS

Subject:- Maths

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
1.Integers	20	Activity on addition and subtraction of integers
2.fractions	15	by using different colours of strip paper
3.symmetry	5	Activity on types of fraction using craft paper,
4.lines and angles	12	apples, biscuits etc
5.powers and exponents	15	Activity on symmetry by using leaves ,different
6.Algebraic expression	15	shapes , mirror etc
7.decimals	8	Formation of different angles using ropes, sticks
8.Rational numbers	8	students etc.
9.Data handling	5	Activity on exponents by paper folding
		Activity on pattern by using match sticks
		Activity on place value system
		To give the concept of terminating and non
		terminating numbers

		Collection of data and formulation of tabulation through survey method in the classroom
PWT1 includes 1.Integers 2.fractions 3.symmetry 4.lines and angles 5.Data handling		

T2 SYLLABUS

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
1 simple linear equation	15	Activity on balancing an equation
2 properties of triangles	10	To draw different types of angles and to differentiate on the basis of angles and sides
3 perimeter and area	10	To find the area and perimeter of different things
4 construction	8	using measuring tape, scale etc
5 congruence of triangles	10	To draw line segments ,angles, triangles etc using compass and other geometrical instruments
6 comparing quantities	10	Activity on similar objects Activity on congruence using coins ,bread etc Activity on S.P; C.P; profit and loss
PWT3 includes 1 simple linear equation 2 properties of triangles 3 perimeter and area		

T1 SYLLABUS

Subject:- HISTORY

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
1.When , Where and How	10	Sources of information about the Medieval period to be collected
2 .New kingdoms	11	Map making ,showing new kingdoms that ruled during this period in both north and south india
3 .The Delhi Sultanate	12	On an outline map of india, mark and colour the territories of the Delhi Sultanate
4 .The Mughal Empire	12	Make a chart with illustration showing the Mughal influences on Cuisine and clothing which can be seen in our culture even today.

PWT1 INCLUDES

1. When , Where and How
2. New kingdoms

T2 SYLLABUS Subject:- HISTORY

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
1. Architecture as power	10	Article writing 'Importance of conserving architectural heritage for the future generation'
2. Religious ideas and Movements	10	Debate Topic; Did Bhakti and Sufism succeed in eradicating social evils that prevailed in our society from centuries
3. New political formation in 18 th century	9	Make a portfolio highlighting important components of Ganga, Jamuni Tehzeeb
PWT2 includes 1. Architecture as power.		

T1 SYLLABUS Subject:- POLITICAL SCIENCE

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
1. What is democracy?	6	On a world map ,mark the countries which have ,had military dictatorship
2. Institutional representation of democracy	7	Debate "Is Democracy the most preferred form of government "
3. Government in the states	7	Make a flow chart of how bill becomes a law
PWT1 INCLUDES 1. What is Democracy?		

T2 SYLLABUS Subject:- Political science

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
---------------------	----------------	---

1. Media and Democracy	7	Collect articles from Newspapers or Magazine on an important issue that is generating public opinion and store them in your portfolio
2. Role played by gender	6	Try and organize a visit to a slum area near your school .Compare the lives of girls in the slums with those of the girls in your class .Present the information in your class

4. A wholesale market	5	Prepare a report on how farmers do not get just price for their produce.

PWT2 INCLUDES

1. Media and Democracy
2. Role played by gender

T1 SYLLABUS

Subject:- GEOGRAPHY

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
1 Our environment	10	Making of an ecosystem using cardboard and easily available material
2 Interior of the earth	10	
3 Earth movements and major landforms	10	Demonstration of different layers of earth through a boiled egg
4 Elements of weather and climate	10	Making model of earth using modeling mud to show layers
5 Atmospheric pressure and winds	8	Practical demonstration of volcanic eruption in class
6 Humidity and rainfall	9	Model of structure of atmosphere using cardboard
7 Atmosphere	8	A visit to state meteorological department
8 Water	9	Using of barometer for measuring the atmospheric pressure
		Making of different pressure belts and planetary winds on a drawing sheet
		Making of different clouds using cotton
		Project on the wettest place on earth
		Mini project for the students to make a project showing different layers of atmosphere
		World map showing the location of different oceans of world
		Students collect information regarding different oceans of world regarding their depth ,location, area and other important information.

PWT1 INCLUDES

- 1 Our environment
- 2 Interior of the earth
- 3 Earth movements and major landforms
- 4 Elements of weather and climate
- 5 Atmospheric pressure

T2 SYLLABUS

Subject:- GEOGRAPHY

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
---------------------	----------------	---

1 Natural vegetation and wildlife	8	Map work showing different forests worldwide
2 Human environment settlements transport and communication	8	A mini project for the students through which students can show different roadways, railways on an outline map of India
3 Life in tropical and sub tropical regions	8	A brief project will be given to students so that they can come to know the about the climate and wildlife of Amazon basin
4 Life in temperate regions	8	Students have to do a project in which they compare the life in the temperate regions and desert regions on their own
5 Life in Desert regions	8	Students will be given a brief project on problem solving approach like how we can grow grass in the desert region.

PWT2 INCLUDES

- 1 Natural vegetation and wildlife
- 2 Human environment settlements transport and communication
- 3 life in desert region

T1 SYLLABUS

Subject:- Science

Name of the chapter	No. of periods	Subject Enrichment Activity / Practical
1.Obtaining and utilizing foods	20	Preparation and visualization of slides showing stomata
2 . Changes and reaction	8	Modal making of types of teeth
3. Heat	12	Making a list of substances at home which undergo different kinds of changes
4.Respiration in plants and animals	10	Activities based on different application of heat (conduction ,convection and radiation)
5. Time motion and speed	15	Modal making mechanism of breathing through lungs
6. Waste management	6	Life skill: Artificial respiration Modal making of ancient time measuring devices Calculation of average speed W.R.T varying distances Making of vermin compost pit

PWT1 includes

1.obtaining and utilizing foods

2 changes and reaction

3 Heat

4 respiration in plants and animals

SYLLABUS T2

Subject:-Science

Names of the chapters	No. of periods	Subject enrichment
------------------------------	-----------------------	---------------------------

1 Reproduction in plants 2 Acid bases and salts 3 language of chemistry 4 Transport and excretion 5 Light 6 Electricity	12 10 8 15 15 15	Vegetation propagation in potato and onion Dissection of flower Project report on different pollinating agents Detection of Ph using different indicators Activities on neutralization reaction Making modals of different elements Activity on transpiration Modal of heart Water transportation through xylem Working modal of urinary system Experiment on laws of reflection Activity on bending of light Cases of concave and convex mirrors Dispersion of light Making of Newton's disc Making of a circuit activity
PWT2 includes 1 reproduction in plants 2 Acid bases and salts 3 language of chemistry 4 Transport and excretion
