# **SYLLABUS**

SESSION:- 2025-26

CLASS:-

8TH

# T1 +T2 syllabus

r c	No. of perio ds	Subject Enrichment Activity / Practical
	5 1 1 1 1 1 1 1 5	Class 8 <sup>th</sup> Activity list for mathematics  1) Rational numbers: Activity on comparison of two rational numbers, the teacher will divide the class into groups and the students will learn the concept of comparison of rational numbers.  2) Exponents: Activity on identity (a+b) <sup>2</sup> . Use pattern blocks to demonstrate the expansion of (a+b) <sup>2</sup> .  3) Introduction to Graphs: Coordinate Grid activity on Cartesian plane by converting a piece of land into graph and ask the students to plot points on the same by using ordered
PWT1 syllabus includes  1. Rational numbers 2. Exponents 3 Introduction to graphs 4 Representing solids on a plane 5 Squares and square roots cubes and cube roots		pairs (x,y) 4) Solid Modelling on solid shapes: Provide students with various materials (e.g clay, paper, cardboard) and to create various solid models and ask them to represent their solid models in a plane using different views (Top, side and front) and projections 5) Square and square roots: Activity on square pattern blocks: Provide students with pattern blocks or square tiles and ask them to create a square pattern with a given number of blocks (e.g. 16) and identify the square numbers and its square root
1) Linear equations in one variable 2) Factorisation 3) Direct and indirect variation 4) Quadrilateral 5) Construction of quadrilateral 6) Mensuration 7) Introduction to graphs 8) Squares and square roots		<ul> <li>6) Cube and cube roots: Activity on cube number patterns by creating a number sequence with cube numbers (e.g. 1,8,27,64) and ask students to identify the pattern and provide the next cube number in the sequence</li> <li>7) Playing with numbers: Activity on Guess My Number Have students think of a number between 1 and 100. Ask their peers to guess the number by asking yes/no questions about</li> </ul>

### PWT2 its properties (e.g., is it odd/even, is it greater 1. linear equations in one variable than 50? The student who guesses the number 2. Fractorisation correctly wins. 3. Direct and indirect variation 8) Data Handling: Activity on Graphing Favourite Foods- Materials: Graph paper, pencils, favourite food survey data. Have students create a graph( bar , histogram , pie chart) and to represent the favourite food survey data. Ask them to interpret the graph and answer questions (e.g., Which food is the most popular? ,etc 9) Comparing quantities: Comparing quantities: Activity on discount dash by providing price tags with original proces and discount coupons in percentage (e.g 10% off) and instruct the students to calculate the discount amount and the new price after applying discount . Algebraic expressions: Activity on like and unlike terms by providing different items to the students and they need to group the like terms and add , subtract the like terms at the same time 11) Linear equations in one variable: Activity on how to solve linear equations by using locks and keys by introducing the concept of linear equations and the idea of solving for unknown say X, after explaining the analogy of locks and keys the students need to read their equation by cards and try to unlock the combination by solving for x and solve the equation and get the idea of solution to the equation 12) Factorisation: Activity on factors by using a given number and how to find its all factors by using books, students, pencils etc 13) Variation: Activity on Direct variation by using the concept of cost of different goods and the number of goods purchased. Ouadrilaterals: Activity on Quadrilateral 14) Explorer by introducing the concept of Quadrilaterals and by providing students with a set of Quadrilaterals and ask students to classify each quadrilateral into its specific type Mensuration: Activity on how to find 15) area and perimeter of a given field and the cost required for white wash, paint, panelling etc

# T1 SYLLABUS Subject:- English

PWT1	No. of periods	Subject Enrichment Activity / Practical
<ol> <li>The Real game</li> <li>The road not taken</li> <li>The new school</li> <li>Where the mind is without fear.</li> <li>Grammar</li> <li>Adjective and its kinds</li> <li>Sentence(simple/compound/complex) Active and passive voice (concept)</li> </ol>		1. Diary entry(describing how you are planning to limit your time on Internet) 2.Word bank/learning outcome/Visualisati on(To be taught in Multi-media 3. Learning of new words and paragraph writing with the help of those words(Main Idea of New school) 4. composition of short poem on different topics)
TERM 1  1. My Nose 2. The grand trout Grammar Verb and its types Letter writing (formal)		Funny story writing (word bank/learning outcome)     writing a paragraph about various types of fishes found in kashmir

# T2 syllabus

# **Subject English**

PWT2	No. of	Subject EnrichmentActivity / Practical
	periods	
1. The listeners		1.Making of booklet with all new words learnt in
2. The Mysterious letters		different chapters.
		2. Role play of detective and suspect(word bank)
Grammar		Note: Activities of grammar from Pwt1 to T2 Given
Tenses (past)		below.
Message writing		
Grammar		Message writing Competition between classes
Notice writing paper writing activity(Format)		
simple/complex/compound sentences		
Learning through sentence formation		
TERM 2 <sup>ND</sup>		1. Taking Flight Quiz between groups regarding Aviation
. Taking Flight		sector
. Because I am a girl		2. Because I am a girl Debate between groups on women
. Pip overcomes his fears		Empowerment (Learning outcome)
Grammar		3.Learning of Moral through role play(conversation
Adverbanditskinds		between groups using new words learn't in the chapter
Notice writing		
Active and passive voice (concept)		

### **T1 SYLLABUS**

# **Subject:- History**

Name of the chapter	Subject Enrichment Activity / Practical
1.When,where and how. 2. The establishment of British power in India. 3.The Revolt of 1857. 4. Education and British rule	Collect sources of Modern india .  Make a timeline showing the events from Portuguese till annexation of Awadh .  On an outline map of India show all the main centres of the Revolt of 1857.  Role play of Morley Minto , Charles wood and Lord Macaulay

### PWT1

- 3. When, where and how
- 4. The establishment of British power in India

# T2 SYLLABUS Subject:- History

Name of the chapter	Subject Enrichment Activity / Practical
<ul><li>5. Challenging the caste system.</li><li>6. The Nationlist movement</li><li>7. The Structure for independence.</li><li>8. India after independence</li></ul>	Group discussion Mark all dates and events Write all date s and events on a chart paper Make a presentation on the contribution of Mahatma Gandhi Presentation on NAM
PWT2 includes 1Challenging the caste system. 2.The Nationlist movement	

# T1 SYLLABUS Subject:- Political science

Name of the chapter	Subject Enrichment Activity / Practical
1.The Indian constitution and the need of laws. 2. Ideas and ideals of the indian constitution. 3. Union Legislature ( the parliament )	Poster making (dowry / bonded labour) Attach suitable title for the same Make preamble of india on a chart paper Group discussion Written constitution is better than an unwritten one Create a flow chart to explain the different steps involved in passing of a ordinary bill and a money bill.

### PWT1

1. The Indian constitution and the need of laws.

### **T2 SYLLABUS**
