No. JDK/F-Priv/100

Dated January 2016

Subject: No objection certificate (NOC)

Reference: This office letter No. DDS/Es/2644 Dated 14.12.2015

Sir,

In continuation this office above referred to letter. It is kindly submitted that following fire fighting facilities have been provided for the school:-

Exits:- School has Two stair cases, one is centrally located and another is located exterior of the building which leads from ground floor to first floor.

First Aid Fire Fighting Equipments: Fire Extinguishers are installed in the school building.

Further it is submitted that at least one year time may be given to provide the remaining fire fighting facilities which shall include:-

- Alternative escape** - The external stair case that presently goes from ground to first floor shall lead to top floor.
- Hose reel** at each floor with overhead tank having 10,000 liters with fire pump and additional 50,000 liters water in shape of water reservoir within the premises shall be provided as school building is not accessible for fire tender.
- Fire retardant paint** - Wooden components of the structure especially in attic portion shall be given fire retardant paint of at least two hours rating.

It is pertinent to mention here that providing these facilities besides requiring structural improvisation / additional-ties also have financial implications.

The provisions for having emergency lights for exits of the school can be dispensed for the day use of schools. Besides all doors shall be kept open during the school timings and the exits should be maintained to allow hindrance free escape in case of any emergency.

In view of above, according affiliation to the school may be extended for one year till the recommendations are implemented and school is re-inspected for final clearance.

Minto Degree High School
Aluchi Bagn, Srinagar

Yours faithfully
